Highlights and Reflection on monthly activity

(Information of note, what went well, what did not)

The month has been exciting in that I have been able to connect students with some resources which they would have otherwise not known of. I have also been able to communicate with some staff as well about EDI which are interesting to consider and actively pursue.

Projects in Progress

(Projects that I am currently working on, who I am working with, what resources do I require?)

A fellow GA member, Madina, expressed that some international students in her housing would like for letters of offers to come out earlier if possible because their visas are sometimes not ready on time. I will be working with her to advocate on behalf of the international students.

I am working with Amreet to raise funds for a Canada based charity that raises funds to further education of women and girls.

Two students approached me about a project for international students and I will be working with them to actualize it.

Completed Projects <i>(Projects that I have completed, what went well, what did not, and why)</i>	Nothing to report
Challenges I've Encountered: <i>(eg: I can't get volunteers, not enough funding, the equipment didn't work properly, etc.).</i>	Some international students have become more open to asking questions and finding out about what is going on our campus, and for further information about resources available to them.
Goals I've Accomplished this Month: <i>(kept up with regular duties &/or accomplished additional goals)</i>	I have successfully connected some students in a club with the RBC on-campus staff and will be working further with them. I have also succeeded in informing students who reach out to me about other resources that would be helpful to them.
